Dear Parents / carers

In the last few weeks there have been incidents of some negative comments related to the school on different year / class WhatsApp groups. These groups are a great way for parents / carers to interact with each other and a tool to check things and ask each other questions but it seems that they are being used by some as a means to air complaints and sometimes spread false information. It is important to remember that there are school staff members / family of school staff members and school volunteers in these groups who have found some of these comments very upsetting.

If you have any feedback or issues at all about the school Mrs Chambers, Mr Gambell, your class teacher, or any member of the Governing Board would be more than happy to talk to you and address any issues. Talking to the school directly is extremely important as the school will not be able to improve or deal with issues if they are not told about them first hand. The school genuinely welcomes this interaction, and parents / carers are encouraged to speak to us in person at the school or via contacts shown below:
