9th October 2024

Year 2 Space Exploration 2024

Dear Parents/Carers,

We are delighted to be able to arrange an exciting trip into space on Wednesday 13th November 2024.

The whole class will simultaneously blast off into space, piloting their research vessels around planets and moons, learning about the solar system and the Moon landing. This incredible immersive experience truly boosts learning and fact retention. With this fascinating workshop, perhaps we will inspire the next generation of scientists and astronauts who may one day blast off into space for real!

We are asking for a small contribution of **£5.50** per child to cover the cost. Although this cost is voluntary, the cost per child has been calculated on the basis of the school receiving the full contribution from every child, and as such, we may not be able to cover the cost. If you have any questions or concerns at all about the contribution, please talk to Mrs Masterson in the school office. Please ensure you pay for your child by Friday 25th October, using the school's online payment system, School Money.

With thanks,

Ms L-A Kelly & Miss P Frazier
